Sorry all, but I will not be able to look at the TRVs before my trip. I hope that comments made on past documents for TRV development, including the Round 2 Report and previous reports, were consulted in developing the TRVs. I know I have had comments in the past on fish dietary TRVs as well as invertebrate tissue TRVs. I notice that the tissue TRVs are not out yet, so I might be able to look at them (b) (6) the comment period has not passed.

Aloha,

Jennifer
